

Disaster Risk Finance Academy: Affordable Disaster Risk Insurance through Public-Private Partnerships Istanbul, Türkiye | April 7-11, 2025

Agenda

Program Description: In partnership with the Turkish Catastrophe Insurance Pool (TCIP), the Insurance Development Forum, and academic partners, the Disaster Risk Finance Academy: Affordable Disaster Risk Insurance through Public-Private Partnerships Program's objective is to help countries accelerate the development of disaster insurance markets through PPIPs.

Participants in this program will:

1. Understand how effective PPIPs are developed, learning from larger-scale programs in peer countries with proven impact
2. Learn the essential elements for PPIPs and disaster-risk finance which can contribute to increased resilience and more stable growth
3. Work with local and international academia, think-tanks, private sector, and other stakeholders to identify the building blocks of high-quality disaster insurance markets and risk-finance mechanisms fitted to the needs and challenges in their country.

Location: Istanbul, Türkiye
